Dilshad Maqsood
Kuala Lumpur Malaysia

My name is Dilshad. I left Pakistan to escape from blasphemy and save my life. I sought asylum in Malaysia on 22 May 2013 and got refugee status. Our case is still pending in the Pakistani Court.

In Malaysia, the Malaysian authorities treat refugees illegally. I was working and getting meager wages; I was robbed twice by the Police. As a refugee, I'm not allowed to work. There is no Health facility and no education provided for my son. The police raided and tortured us, I have paid to police not to be arrested. There are structural racism and xenophobia problems Malaysian authorities and people treat us badly.

If we return back to Pakistan.

The airport police will arrest us because our case is still pending in court. The Muslim people and a Mob issued a Fatwa against me which was totally unreasonable and faked. They issued a fatwa to kill me and stop me from my work and compelled me to convert to Islam religion. The fatwa and my case is still going on in Pakistan. If I would go back to Pakistan it would be like going to a place where you know that you would die anyway. I can't go back, the police and the public are all together and they would try to force me to convert my religion to Islam and if I didn't, they would kill me and my family.

I request Canadian Aid to Persecuted Christians to sponsor us to Canada. I beg for a refugee sponsor to Canada to save our lives.

My family composition
